**Soft skills** : Communication, Teamwork, Problem-solving, Adaptability to quickly learn

## TRAINING

**Software Trainee Engineer**

(Nov 2022 – April 2023)

Tapasvi Info Solutions

- Developed mobile applications with Flutter, utilizing Firebase for backend integration.
- Improved user experience by leveraging custom UI components and widgets.
- Leveraged Firebase realtime database and cloud functionality to enable real-time chat functionality.
- Demonstrated strong problem-solving skills to address technical challenges and implement innovative solutions for complex features and functionalities.

## ACHIEVEMENTS

- Gained a Frontend development certificate from [Simplilearn](#) after completing course in which I learnt HTML, CSS, Javascript, Reactjs.
- Solved 100+ DSA questions on [Coding Ninjas](#), [Leetcode](#) and [Geeks For Geeks](#).

## PROJECTS

### Personal Portfolio website

HTML | CSS | Javascript | Typed.js | Tilt.js | Swiper.js

- Created a fully responsive website to showcase all my personal and professional information.
- The website includes details about my experience, skills, achievements, and education.
- Integrated Js libraries for enhancing user experience like typing effect, tilt effect and cool image sliders and added custom cursor.
- <https://vishnu-kumar.netlify.app>

### News App

ReactJs | Bootstrap | News API

- Developed an app using News API that displays news from all over the world, categorizing them into sports, technology, and more.
- The app features a custom loading mechanism and infinite scrolling, ensuring a seamless user experience.
- The app provides users with real-time updates on the latest happenings across the globe.

### Cinemix – Movies App

ReactJs | Tailwind | Axios | MoviesDB API

- Developed a fully responsive SPA which provides different categories to explore movies.
- Integrated libraries to enhance user experience like image slider, infinite scrolling.
- Used Axios for better data fetching from API.
- Developed Hamburger menu for Mobile and added custom loading animation.
- <https://cinemix-movies.netlify.app/>

### Amazon clone

ReactJs | Tailwind | Swiper.js

- Implemented a responsive design that adapts seamlessly to different screen sizes.
- Created signin, cart, product-listing and product-details page.
- Added functionality to add/remove products in cart with automatic subTotal calculation and filter products.
- <https://complete-amazon.netlify.app>
