## EXPERIENCE

Jr Reactjs developer

(Nov 2023 – Present)

[Zysk technologies](#) | Bengaluru, Karnataka

- Leveraged React.js, Next.js, Material UI, and Tailwind for front-end development.
- Integrated third-party libraries and packages to expedite development processes and enhance project efficiency.
- Created frontend solutions for various projects like EdTech apps, photography apps, and real estate platforms.
- Worked closely with teams to design and implement user-friendly features.
- Built visually appealing responsive interfaces using frontend technologies for optimal performance.
- Actively participated in learning and development sessions, fostering continuous growth by exchanging knowledge and insights with team members.

Software Trainee Engineer

(Nov 2022 – April 2023)

[Tapasvi Info Solutions](#) | Hathras, U.P.

- Integrated real-time chat using Firebase in Flutter apps for enhanced user interaction.
- Solved technical challenges and crafted innovative solutions for complex features.
- Ensured smooth data synchronization and real-time updates with Firebase in Flutter projects.

## PROJECTS

Amazon clone

ReactJs | Tailwind | Swiper.js

- Implemented a responsive design that adapts seamlessly to different screen sizes.
- Created Signin, Cart, Product-listing, Product-details page and more.
- Added functionality to filter products, to add/remove products in Cart with automatic subtotal calculation.
- Utilized context API for state management.
- <https://complete-amazon.netlify.app>

Cinemix – Movies App

ReactJs | Tailwind | Swiper.js | Axios | MoviesDB API

- Developed a fully responsive SPA which provides different categories to explore movies.
- Integrated libraries to enhance user experience like image slider, infinite scrolling.
- Used Axios for better data fetching from API.
- Developed Hamburger menu for Mobile and added custom loading animation.
- <https://cinemix-movies.netlify.app/>

## ACHIEVEMENTS

- Gained a Frontend development certificate from **Simplilearn** after completing course in which I learnt HTML, CSS, Javascript, Reactjs.
- Solved **100+** DSA questions on **Coding Ninjas**, **Leetcode** and **Geeks For Geeks**.
